---

# Medi-Bed

Code: 140L Bale 75273

Dengie Medi-Bed is a precision chopped, dust extracted wheat straw bedding treated with an effective disinfectant and anti-eating agent both of which are harmless to horses. Medi-Bed can be disposed of on a conventional muck heap where it rots down easily. Approximately 4-6 bales of Medi-Bed will be required to start and 1-2 bales a week to maintain the bed.
