

Dengie

Alfa-A Original

Code: 20kg 75250

Alfa-A Original combines pure alfalfa with a light molasses coating and is suitable for working horses and ponies.

Alfa-A Lite

Code: 20kg 21177

Alfa-A Lite combines pure alfalfa with a low sugar coating and mint flavouring and is approved by the Laminitis Trust.

Alfa-A Oil

Code: 20kg 21178

Alfa-A Oil is a blend of alfalfa and GM free soya oil making it the ultimate form of slow release energy. With an energy level similar to a conditioning mix.

Hi-Fi Original

Code: 20kg 75992

Hi-Fi Original combines alfalfa and straw with a light molasses coating. Hi-Fi Original is the ideal maintenance feed for horses and ponies at rest or in light work.

Hi-Fi Lite

Code: 20kg 75993

Hi-Fi Lite is a blend of alfalfa and soft straw with a low sugar coating and is approved by the Laminitis Trust.

Hi-Fi Good Do-er

Code: 20kg 75854

Hi-Fi Good Do-er is the complete maintenance feed that combines top quality straw with alfalfa and a light molasses coating, mint flavouring and added vitamins and minerals.

Hi-Fi Senior

Code: 20kg 21179

Hi-Fi Senior combines high temperature dried grasses and alfalfa and is specially formulated to be soft and easy to chew for the senior horse.

Healthy Hooves

Code: 20kg DEHHV20

Dengie Healthy Hooves is a nutritionally complete, low calorie fibre feed with real garlic for great palatability and pellets for added interest. Approved by the Laminitis Trust, Healthy Hooves is suitable for horses and ponies prone to laminitis and horses and ponies with cracked or crumbling hooves.

Alfa-Beet

Code: 20kg 75866

Dengie Alfa-Beet combines alfalfa and unmolassed sugar beet with a convenient 2 hour cold soak or 15 minute hot soak time.

Alfalfa Pellets

Code: 20kg 76084

Dengie Alfalfa Pellets contain pure pelleted alfalfa with nothing else added. Providing a concentrated source of alfalfa, Alfalfa Pellets are ideal for horses and ponies with limited appetites.

Naked Oats

Code: 20kg 75869

Dengie Naked Oats are a variety of oat produced without the husk and are very energy dense. Naked Oats are suitable for horses in hard work and as they are more energy dense than traditional oats, meal sizes can be kept to a minimum.

Fibremix Easy

Code: 18kg 76165

Dengie Fibremix Easy is the lowest energy Fibremix in the Dengie range and combines ingredients rich in digestible fibre and oil, such as chopped alfalfa, traditional cooked linseed and soya oil.

Fibremix Extra

Code: 18kg 76166

Dengie Fibremix Extra is a medium energy coarse mix and is suitable for horses and ponies in medium level work or needing a bit more condition.

Fibremix Senior

Code: 18kg 76168

Dengie Fibremix Senior is a medium energy coarse mix, especially designed for the older but still active horse or pony, or for those needing help with condition.

Fibremix Complement

Code: 18kg 76169

Fibremix Complement is a palatable, concentrated feed that provides predominantly 'slow release' energy from fibre and oil for stamina and condition without the fizz.
