

# Equilibra

# Tiger Oats

**Code: 20kg 76187**

The ultimate, complete, high energy, yet non heating performance feed.

Unlike conventional hard feeds which can contain high starch cereals, Tiger Oats offers a palatable, low starch, high oil, high energy (14Mj/kg) yet non-heating alternative for performance animals required to give maximum effort.

Based on the best Scandinavian black and gold oats (from which the product draws its name), Tiger Oats includes a 2.5mm mineral balancer pellet to optimise the availability of nutrients, together with a coating of Oatitol™- a unique product containing high levels of natural antioxidants and polar lipids to help maintain a healthy gut membrane.

# Equilibra 500

**Code: 16kg 17447**

The next generation, nutricine based functional feed balancer for all horses and ponies

By feeding Equilibra™ 500 as part of a complete, natural forage based menu, the physical activity of the horse will be catered for and provide performance, vitality and health without setbacks.

---

# Fibregest

**Code: 20kg 24042**

Fibregest is a “Super Soluble Fibre Feed”, derived from a blend of alfalfa, sugar beet and oat soluble fibres, mixed with seaweed meal, chelated minerals and Oatitol™.
