Lite Feed Balancer

Code: 20kg TSLITE20

This is a palatable, pelleted product designed for good-doers in light to medium work. It combines a broad-spectrum supplement and a hoof supplement with a high-fibre, exceptionally low calorie feed.

Comprehensive Feed Balancer

Code: 20kg 76134

This is a palatable, pelleted product. It is a very flexible, nutrient-rich feed designed to balance the rations of most horses and ponies simply by adjusting the rate at which it is fed and the products it is fed with.

LeisureTime Feed Balancer

Code: 20kg 23985

This is a palatable, pelleted product designed specifically for horses and ponies kept for leisure and in light to medium work. It contains a broad-spectrum supplement and a pure, protected yeast combined with a feed designed to promote muscle development and function.

Senior Feed Balancer

Code: 20kg TSENB20

This is a palatable, pelleted product designed for elderly horses. It is the first and only feed balancer to include the scientifically recommended rate of glucosamine to help maintain mobility. It combines the benefits of a joint supplement with a veteran-specific feed balancer.

Stud Feed Balancer

Code: 20kg B0651995

This is a palatable, pelleted product designed for broodmares, youngstock and stallions.

AntiLam

Code: 20kg 22555
7½kg 22554

This is a palatable, pelleted product specifically designed to provide nutritional support for those susceptible to, being treated for, and recovering from, laminitis.

Cool Condition Cubes

Code: 20kg 23984

These are completely free of all cereal grains. They have a good conditioning index of 12.5MJ/kg as fed, yet are 'non-heating' allowing horses to look good but focus on the job in hand.

Super Conditioning Flakes

Code: 20kg 22876

This represent a breakthrough in equine nutrition. his cooked muesli is 25% more conditioning than traditional mixes and cubes because it is highly concentrated with a conditioning index of 16MJ/kg as fed. Although it is full of naturally oil-rich ingredients it is very palatable.
